

WESTON  
COLLEGE

# DRIVER CPC PERIODIC TRAINING

As an approved training provider, Somax Limited offers high quality Driver CPC/Periodic Training for you or your company, either at your premises or from our own facilities in Weston-Super-mare. You can only attend these courses if you took your LGV test prior to 9th September 2009 or have your C1 (7.5) under acquired rights or undertook your Initial Driver CPC (module 2 & 4) after this date and already hold a current Driver CPC card..

## PERIODIC TRAINING

All existing drivers have to undertake 35 hours of training every five years to ensure that their Driver CPC is current and that their LGV licence can be used on a commercial basis (i.e. earn a living)

This training will require attendance at courses but will not require drivers to take or pass further examinations..

## WHAT IS PERIODIC TRAINING?

Periodic Training has been designed to increase, expand and confirm the knowledge and skills drivers need to conduct their duties, not only today but also to meet the ever changing regulations.

It carries on throughout the professional

driver's career – no matter how infrequently they drive.

All Periodic Training Courses are approved by The Joint Approvals Unit for Period Training (JAUPT). Only approved courses can be taken at approved training centres.

If you are doing your first Driver CPC, you will need to have the DQC before you can drive on a professional basis. Failure to have this will mean that you will be driving illegally with a fine likely to be up to £1000.

N.B. You cannot undertake more than 35 hours in a 5 year period

## Driver CPC Modules include:

- ADR (initial) up to 21 hours – price upon request
  - Driver Hours and Tachographs
  - Drink, Drugs & Speed Awareness
