COLLEGE

OPERATOR LICENCE AWARENESS TRAINING (OLAT)

INTRODUCTION

Your Operator Licence is your company's most valuable asset. If you are operating for hire or reward, you are not legally permitted to operate vehicles over 3.5 tonne. This essential seminar is intended to support and guide those with responsibility for compliance with the O Licensing regulations in companies of all sizes.

It is also useful as a 'refresher' for all CPC holders. We tend not to use all our knowledge every day in the workplace and this day offers an ideal opportunity to revise and update our knowledge. Similarly, anyone considering studying for a CPC qualification would definitely benefit from attendance.

This course has the approval of the Traffic Commissioner..

CONTENT

The day will cover ongoing management of the licence in changing business conditions. Delegates will..

- Have a better understanding of the

principles underpinning the O Licensing System

- Have a clear understanding of the level of commitment and activity needed to create effective management control systems
- Be able to clarify requirements to other staff, either superiors or reportees
- Be in a position to contribute cost effective, practical solutions regarding compliance in this area

Contribute to a beneficial Health & Safety culture in their operation

- Understand their role in managing the O Licence

Understand other colleagues' roles in managing the O Licence

- Prioritise actions to gain maximum benefit in the shortest time
- Know where to go for follow-up advice and guidance
- Be up-to-date with the latest changes in legislation

The program will be structured to enable all participants to take an active role and will include scenarios, confirmation of existing knowledge; practical work related problem solving and compliance based exercises
